Select all that apply. Rank them if you like.

As-needed workers should be permanent

We should make the same wages as city workers

We need more staff to do the work we're assigned

Equipment and worksites are broken/unsafe/pest-ridden

We need training and professional development

We need real career ladders and opportunities for promotion

Retirement security

Fair sick pay for all workers

Floating holidays and vacation

Bullying

Health insurance

We need better tools to do our jobs efficiently and safely

We have problems with licensing and certification

I will work on these too:

What do you want to do to help us win a better contract?

This is the most important question - we all have to stand together to make real progress!

I will help translate information for my coworkers

I will join the CAT team to tell other members what's going on

I want to be on the bargaining team

I will come to school board meetings

I will bring another member with me

I will speak at those meetings

I will make a sign and hold it up

I will play a musical instrument:

I will write letters to elected officials

I will meet with elected officials

I will distribute bargaining updates to my coworkers

I will host a meeting at my worksite

I will call members on the phone to share information

I will share my story with parents at my school

I will speak to the press for articles
I want to do more:

Please use this space to tell us anything else we should know. Add extra sheets if you have a lot to say!
