Don't miss our monthly general membership meeting, where we'll cover developments in our fight to hold management accountable.

We also are just a few short weeks away from the elections that will impact not just our contract, but the services we provide for the residents of San Francisco. We'll go over what the outcomes might mean for our jobs, our community, and our union.

Meeting Agenda:

- Discrimination hearing debrief and next steps
- SF bargaining campaigns preparation
- SF region membership campaign to build strength and unity
- Non-Profit Justice
- November elections
